Appointments: Our office hours follow the Fayette County School calendar. When Fayette County schools are closed due to inclement weather, we will also be closed. **At least 1 parent must be present and/or available for feedback at some point during every child/adolescent patient appointment.** X____

HOURS: We are open Mon through Thu from 7am – 7pm. Appointments are on Tuesday, Wednesday & Thursday. Monday is an administrative day. We are closed on Friday, Saturday & Sunday. X____

Scheduling and Punctuality: To provide safe medical care, appointments are scheduled as frequently as the patient's clinical symptoms require. Patients are expected to arrive on time for their appointments. Arriving 10 minutes after your appointment time is considered late. As a courtesy, we will allow late arrivals to be seen up to 15 minutes after the scheduled appointment time, allowing for the remainder of the time to be used (this policy does NOT apply to 15-minute sessions). *Once 15 minutes have elapsed, the appointment will be automatically canceled. The patient's credit card on file will be charged the full cost for the canceled session + the $2 manual transaction fee. X_____

Missed Appointments: Patients who cancel 3 consecutive appointments are subject to termination. Additionally, if a patient has not been seen in 6 months or longer, they may be subject to termination. Patient safety is our top priority at The Fort Christian Psychiatric Center. Making and keeping regularly scheduled appointments, and adherence to the treatment plan are integral components of this safety process—especially when medication is prescribed. The frequency with which appointments are scheduled is an important and methodical medical decision, involving extensive clinical experience and wisdom, sound judgment and guidance from The Holy Spirit. Close adherence to our office policies and pearls of wisdom agreement is vitally important to us as a Christian-centered medical practice, which helps us to ensure the safety of the patients we have been called by God to treat. X_____

Appointment Reminders for Established Patients: It is always the patient's responsibility to remember the date and time of an appointment. However, as a courtesy we will provide an appointment reminder card at the conclusion of appointments. Also, at the bottom of the superbill receipt we send to patients via email, we will write the date, time and length of the next appointment. And, within the body of these emails, we will write the date, time and length of the next appointment. If you miss an appointment due to receiving an email with incorrect information, or because your email goes to junk/spam and never reaches your inbox, you will be held responsible and will be charged the full cost for that session. **Therefore, always write down the date and time of your next appointment**. X_____

Payment Options: We operate on a fee-for-service basis. Cancellations must be made via email or via our website.** All no-shows are charged the full cost for the session and *are not granted another appointment with us*. X____

The Initial Diagnostic Evaluation is always considered an evaluation, not a patient appointment. The decision of whether or not a doctor-patient relationship will be established and whether or not subsequent appointments are scheduled is a decision made by Dr. Fortuchang and The Fort Christian Psychiatric Center. In the event that the initial evaluation does not result in a doctor-patient relationship being formed, names of other mental health professionals will be provided. I hereby consent to be treated by physicians and/or mental health professionals associated with The Fort Christian Psychiatric Center and Shaw Wendi Fortuchang, M.D., P.C. I understand this consent does not constitute a guarantee about the results of my treatment. I understand that I can terminate this consent for treatment at any time. I also understand that my doctor, prescribing provider, therapist or counselor may terminate consent for treatment at any time, and will discuss the reasons with me if this should occur. Potential reasons include misuse of prescribed medications or mental health services, failure to reimburse for services rendered, failure to keep appointments or repeated cancellations of appointments, etc. I agree that I am personally responsible for ensuring that all charges for services rendered are paid by me, at the time services are rendered. Statement of Confidentiality: Under Georgia law communications between patients and psychiatrists are confidential, and under ordinary circumstances, only the patient may waive this privilege. TFCPC Pearls of Wisdom Covenant Agreement

Please read the following pearls very closely and in entirety before signing…

1. I will immediately notify The Fort Christian Psychiatric Center (TFCPC) / Dr. Fortuchang if there are any significant changes in psychiatric symptoms and/or medical condition (pregnancy, etc.).

2. If I have thoughts of hurting myself, I will notify Dr. Fortuchang immediately. If I am suicidal or have a medical emergency requiring immediate action, I will call 911 or go to the nearest ER and then contact Dr. Fortuchang.

3. If I ever require emergent psychiatric treatment and/or hospitalization, I will make sure that Dr. Fortuchang is promptly notified. I will call TFCPC on the next business day to schedule an urgent follow-up appointment. I will inform Dr. Fortuchang of any medication changes made during hospital visit and/or hospitalization.

4. I will take medication as prescribed. If I want to increase, decrease, or discontinue medication, I will discuss with Dr. Fortuchang first. I understand that making changes without Dr. Fortuchang's permission and guidance is strictly prohibited, potentially dangerous and will impair my standing as a patient at TFCPC.

5. I understand that it is extremely important not to share my medication with anyone, and not to take any medication that has been prescribed to someone else. I understand that such actions are strictly prohibited.

6. I understand that obtaining psychiatric medications from any doctor(s) other than Dr. Fortuchang (except during hospitalization) violates the trust and open communication essential to a functional doctor-patient relationship. Such actions are strictly prohibited and may result in termination from The Fort Christian Psychiatric Center.

7. I understand that it is dangerous to misuse alcohol and prescription medication, or use illegal drugs— especially when taking psychiatric medication. I understand that substance abuse/dependence may result in termination of treatment with referral to an addictions specialist, as Dr. Fortuchang is not an addictions specialist.

8. **I will notify Dr. Fortuchang if there are any changes to my contact information and credit/debit card on file.**

9. I fully understand that The Fort Christian Psychiatric Center does not engage in email correspondence with patients and/or their families, other than under special circumstances or to send office-wide information. ***I will regularly check my email inbox. *I will reply to all emails (& phone messages) requesting a response!**

10. I will not expect to receive any response to any email(s) I choose to send, and I will not send any emails containing urgent/emergent/clinical questions or information regarding the treatment.

11. Because safety is extremely important, I will follow the treatment plan (medication, frequency of appointments, etc.) outlined by Dr. Fortuchang. I will ask questions whenever I do not understand something about the treatment.

12. I understand that it is my responsibility to keep track of my medication and request medication refills during my appointment. I am fully aware that refill requests made between appointments are subject to a $25 fee.

13. I agree not to take any over-the-counter supplements (diet pills, herbal supplements, etc)—especially if I'm being prescribed medication, without first discussing it with Dr. Fortuchang. Such supplements may have adverse effects, may interact with prescribed medication and could worsen certain psychiatric disorders.

14. I fully understand that signing this form does not create a doctor-patient relationship between me and Shaw Wendi Fortuchang, M.D., and that it is not until after the initial evaluation when it may be mutually agreed upon to create such a doctor-patient relationship.

15. I have read, understand, and agree with the above Pearls of Wisdom and the office policies for TFCPC, and I understand that failure to comply with them could result in termination of my treatment at The Fort Christian Psychiatric Center/Shaw Wendi Fortuchang, M.D., P.C., once becoming a patient.
